Suitable For:

APC RBC11 (4 battery required) APC RBC55 (4 battery required) APC RBC7 (2 battery required) Compatible With: APC RBC49 (2 battery required) This model is specifically designed for standby use. Ideal for security, fire panels, jump starters and Uninterruptible Power Supply (UPS) use.

Former model _ LC.X1220P. New model in flame retardant (UL94V-0) casing. Replaces LC.X1220P.

This model is a high capacity version of the battery LC.80212TP also available. For dedicated cyclic use such as mobility scooters & golf buggies please use model LC.XC1221P

This WIAL battery is an AGM type. Please ensure the correct charger is used to charge the batteries.

To extend overall service life of the battery we recommend the four stage microprocessor controlled Battery Fighter range of chargers. Use model BEAGIZ charger for standby applications & maintenance (top-up) charging of batteries in cyclic applications. For dedicated cyclic use of the battery we recommend chargers models BEPGIZ for 12 volt systems & the BEPGIZ for 12 volt systems & the BEPGIZ for 12 volt systems & the BEPGIZ for 12 volt systems.

Use of automotive or gel type chargers may shorten battery life and may not fully charge this battery type.

Two or threat stage WIALA/AMO chargers are acceptable.

Using non cyclic batteries in cyclic applications will result in a shorter service life compared to cyclic design batteries.

Whilst cyclic batteries are made for continuous use, longer overall service life (number of recharges) will be achieved by recharging before the battery goes flat, even if only a small amount of the batteries charge was used.

Leaving a lead type battery flat (voltage is too low to drive equipment) for even as little as 24 hours may reduce run time per charge and the overall life of the battery.

UL94 V-0 RATED FLAME RETAMONNT CASING/NOUSING
This product's casing/housing is classed <u>UL94 V-0</u>. In simple terms, this means that the casing/housing is considered flame retardant in accordance with the plastics flammability standard.
